EDUCATION

South Korea statewide university Mar 2023 - Present

Artificial intelligence Doctor College of Artificial Intelligence Quanzhou City, South Korea

GPA:4.50 / 4.50 (top 3% in major)

honorary Award: Outstanding Full Scholarship Students (2023-2024)

related courses: Probability and Statistics (95) Deep Learning II(95) Artificial Intelligence Algorithms (98) Natural Language Processing (98) Computer Vision (97) Genetic Algorithms (99)

South Korea statewide university Mar 2021 - Feb 2023

Artificial intelligence Master College of Artificial Intelligence Quanzhou City, South Korea

GPA:4.50 / 4.50 (top 3% in major)

honorary Awards: Outstanding Achievements/Language Scholarship Students (2021-2023), First Prize in South Korea Dongyi Baojian (Donguibogam) Herb Identification Contest, First Prize in South Korea Quanluobei Road University Student Data Analysis Contest

related courses: Introduction to Artificial Intelligence (95) Optimization Theory (95) Deep Learning I(97) Artificial Intelligence Seminar(97) Artificial Intelligence Programming (98) Data Mining (97) Reinforcement Learning (95)

Shanxi Agricultural University Sep 2013 - Jul 2017

Software Engineering Bachelor Software Academy Jinzhong

GPA:2.81 (Professional GPA:3.6)

honorary Awards: Social Activists (2014-2015), Outstanding Cadres of Student Union (2014-2016)

related courses: Advanced Mathematics (81.8), Discrete Mathematics (86.5), Fundamentals of Computer Systems (91) Project Management (93.4), Software Engineering (90) Professional English (94)
